All documents must be submitted in PDF format.

The non-compliance with these requirements may determine the rejection of the application.

12. Evaluation and selection criteria

Candidates will be evaluated and ranked by their curriculum, according to the following criteria, each having the indicated weight:

Criterion a): Academic degree (20%), based on the final classification indicated in the master diploma/certificates.

Criterion b): Previous experience in the scientific field of this position (clinical psychology, improve theater), as shown in the candidate's CV (20%).

Criterion c): Previous experience in project management activities in the scope of the project (30%).

Criterion d): Other activities relevant to the project and work plan (10%).

Criterion e): Motivation and interest in the field, as shown by the motivation letter (20%).

Applications will be evaluated, and candidates ranked, on a 0,00 – 20,00 scale. The final classification will result from the application of the formula:

$$\text{Final Classification} = (\text{Criterion a}) \times 20\% + (\text{Criterion b}) \times 20\% + (\text{Criterion c}) \times 30\% + (\text{Criterion d}) \times 10\% + (\text{Criterion e}) \times 20\%$$

For tie-breaking purposes, the ranking of the candidates will be based on the classifications assigned to each of the evaluation criteria in the following order of precedence: Criterion B) Previous experience in the scientific area of the project; Criterion C) Previous experience in management activities, according to the CV; Criterion A) Academic qualifications; and D) letter of motivation.

If none of the candidates presents the appropriate and/or necessary skills and competencies required for the position and respective work plan, despite fulfilling all the requirements for admission, the Evaluation Panel has the right to not attribute the fellowship.

Note for the evaluation of Criterion a):

1 – When candidates submit more than one equivalent master’s degree (equivalent number of ECTS), the Evaluation Panel will decide which academic degree is best suited for the pursuit of the research plan and which should, therefore, be considered for Criterion a). Other courses (s) presented by the candidate can eventually be considered for Criterion d).

2 – The Evaluation Panel will award the minimum score (10 points on a 0 – 20 scale) required for obtaining a degree in Portugal when the submitted Portuguese certificate does not mention the final classification.

3 – The Evaluation Panel will award the minimum score (10 points on a 0 – 20 scale) required for obtaining a degree in Portugal when candidates submit a declaration of honor indicating they have completed the cycle of studies leading to a master’s degree by the application deadline but do not present the concomitant certificate (as indicated in point 5 of the call for applications).

4 – The Evaluation Panel will award the minimum score (10 points on a 0 – 20 scale) required for obtaining a degree in Portugal when degree certificates/diplomas issued by foreign institutions are not recognized in Portugal and/or do not have the respective final classifications converted to the Portuguese evaluation scale (as indicated in point 5 of the call for applications).

13. Composition of the Evaluation Panel

14. Communication of results

The results will be notified no later than 90 working days after the closing date for submission of applications to the e-mail address provided by the applicants.

15. Deadlines and procedures for preliminary hearing, complaint, and appeal

After communicating the provisional list of the results, applicants who want to dispute the results have a period of 10 working days to request a preliminary hearing, per Article 121 and following the Administrative Procedure Code (CPA). The final decision will be communicated after examining the arguments presented at the preliminary hearing. After this communication, the selected candidate has 10 working days to accept, in writing, the awarded fellowship. Otherwise, withdrawal or renouncement of the fellowship will be considered, unless a proper justification is presented.

After the final decision, a complaint may be placed within 15 working days or, alternatively, an appeal within 30 working days, both counting from the notification date. Applicants who wish to submit a complaint or an appeal should address their complaint to the Rectory of ISPA – Instituto Universitário.

In case of candidates renounce or withdraw from the fellowships, the Evaluation Panel can notify and award the fellowship to the candidate(s) in the subsequent position(s), if applicable, and according to the final ranking list.
