Where applicable, candidates with an Integrated Master's degree whose institution does not separate Bachelor's and Master's final grades must submit detailed academic records listing grades and ECTS for all course units (as per note 5 of section 12).

that recognition has been requested and will be dated before the end of the application period.

b) Detailed Curriculum Vitae;  
c) Motivation Letter.

All documents must be submitted in PDF format.

Applications may be excluded if incorrectly submitted or if required documents are missing.

## **12. Evaluation Criteria and Selection Methodology**

Evaluation will be based on the candidate's merit according to the following weighted criteria:

- a) Final master's grade (20%);
- b) Previous experience in interviews with children and knowledge of digital platforms, according to the CV (60%);
- c) Motivation and interest in the area, according to the motivation letter (20%).

Candidates will be scored on a scale of 0.00–20.00.

The final score will be calculated using:

$$\text{Final Classification} = (A \times 10\%) + (B \times 70\%) + (C \times 20\%)$$

In case of a tie, candidates will be ranked based on:

1. Criterion B – Previous experience in data collection, reporting and results presentation, and publication experience;
2. Criterion C – Motivation and interest;
3. Criterion A – Academic qualifications.

Candidates scoring below 10 points will be automatically excluded, as the Jury considers that they do not demonstrate the appropriate skills for awarding the scholarship.

### **Notes concerning Criterion A:**

1. If multiple master's degrees in Psychology or equivalent are submitted, the Jury will select the degree(s) most relevant to the work plan; other degrees may be considered under Criterion B.  
2–4. The Jury will assume the minimum passing grade (10/20) when:
  - o the degree certificate does not include a final Bachelor's grade;
  - o the candidate submits a sworn statement without a certificate;
  - o foreign documents have not yet been officially recognised/converted.
2. For Integrated Master's degrees without separate Bachelor/Master grades, Criterion A will consider the weighted average of the first three years (Bachelor level). The candidate must therefore submit a full transcript.

In case of a tie, the Jury has the deciding vote.

The final score is expressed on a 0–100 scale, with one decimal place.

## **13. Jury Composition**

- Professor Maria Manuela Pedro Veríssimo, PhD (Full Professor at ISPA; Integrated Researcher at WJCR) – President

Under Decreto-Lei no. 29/2001 of 3 February, candidates with disabilities have preference in case of equal classification, taking precedence over any other legal preference.
